

safety Data Sheet

according to 1907/2006 / EC, Article 31

printed on: 04.03.2015

Revision: 16/07/2013

SECTION 1: Identification of the substance or mixture and of the company / undertaking

1.1 Product Identification

Trade: Weber klin Hamoline**Safety Data Sheet Number: XXP006659**

1.2 Relevant identified uses of the substance or mixture and uses advised

No further relevant information available.

Application of the substance / the preparation: Construction Chemicals

1.3 Details of the supplier of the safety data

Manufacturer / Supplier:

Weber

Saint-Gobain Weber Beamix BV

PO Box 7932

Eindhoven 5606 SH

T: +31 (0) 40 259 79 11

info@weberbeamix.nl

1.4 Emergency telephone number:

In case of emergency, call a doctor

National Poisons Information Centre (NVIC)

Website: www.vergiftigingen.info

+31 (0) 30 274 8888

NVIC is open only to professionals

SECTION 2: Hazards identification

2.1 Classification of the substance or mixture

Classification according to Regulation (EC) no. 1272/2008

GHS06 skull and crossbones

Acute Tox. 3 H331 Toxic if inhaled.

GHS08 health hazard

Asp. Tox. 1 H304 May be fatal if swallowed substance enters airways.

Classification according to Directive 67/548 / EEC or Directive 1999/45 / EC

Xn; harmful

R65: Harmful: may cause lung damage if swallowed.

Special hazards for human and environment: The product has

to be labeled due to the calculation procedure of the "General

Classification guideline for preparations of the EU", DIR.

classification:

The classification corresponds to the current EC lists, but is supplemented by information from technical literature and company information.

2.2 Label elements

Labelling according to Regulation (EC) no. 1272/2008

The product is classified and labeled according to the CLP regulation.

(Continued on p. 2)

Trade name: Weber klin Hamoline
hazard pictograms

GHS06

GHS08

signal word Danger

Hazard components for labeling:

Naphtha (petroleum), hydrotreated heavy, contains less than 0.1% Benzene according to note P 67/548 / EEC Appendix 1

hazard statements

H331 Toxic if inhaled.

H304 May be fatal if swallowed substance enters airways.

precautions

P101 If medical advice, container or label at hand.

P102 Keep out of reach of children. P103 Before use, read the label.

P261 Avoid breathing dust / fume / gas / mist / vapors / spray.

P301 + P310 IF SWALLOWED: Immediately call a poison center or physician. P321 Specific treatment (see on this label).

P311 Call a POISON CENTER or consult a doctor. P405

Store locked up.

P501 Dispose of contents and container in accordance with local / regional / national / international regulations.

2.3 Other hazards
Results of PBT and vPvB assessment
PBT: Not applicable.

vPvB: Not applicable.

3. Composition and information on ingredients

3.2 Chemical characterization: Mixtures
Description: Mixture of substances listed below, and non-hazardous additions.

Hazardous ingredients:

CAS: 64742-48-9 EINECS: 265-150-3	Naphtha (petroleum), hydrotreated heavy, less than 0.1% Benzene according to note P 67/548 / EEC Appendix 1 R65 R10-66 Flam. Liq. 3, H226; Asp. Tox. 1, H304	> 50%
--------------------------------------	--	-------

Additional information:

For the wording of the listed risk phrases (R-phrases) can be found at Chapter 16.

SECTION 4: First aid measures

4.1 Description of first aid measures
General information:

Remove the victim immediately from the danger area. If the patient is unwell, consult a doctor and consultations this data.

After inhalation: Supply fresh air; Enabling a doctor.

(Continued on p. 3)

safety Data Sheet

according to 1907/2006 / EC, Article 31

printed on: 04.03.2015

Revision: 16/07/2013

Trade name: Weber klin Hamoline**After skin contact:** Immediately wash with water and soap and rinse thoroughly.**After eye contact:**

Eyes Rinse opened eye under running water for several minutes.

After swallowing:

Do not induce vomiting; Involve immediate expert medical help.

4.2 Most important acute and delayed symptoms and effects

No further relevant information available.

4.3 Indication of any immediate medical attention and special treatment

No further relevant information available.

SECTION 5: Firefighting measures

5.1 Extinguishing**Suitable extinguishing media:**CO₂, powder or water spray. Fight larger fires with water spray or alcohol resistant foam.**5.2 Special hazards caused by the substance or mixture**

No further relevant information available.

5.3 Advice for firefighters**Special protective equipment:** No special measures required.

SECTION 6: Measures Accidental release of the substance or mixture

6.1 Personal precautions, protective equipment and emergency procedures

Not necessary.

6.2 Environmental precautions: Must not enter sewage system or water.**6.3 Measures for cleaning and collecting:**

With absorbent material (sand, diatomite, acid binders, universal binders, sawdust) recording.

Contaminated material as waste according to item 13.

SECTION 7: Handling and storage

7.1 Precautions for safe handling of the substance or mixture

No special measures required.

Information about fire and explosion protection: No special measures required.**7.2 Conditions for safe storage, including any incompatibilities storage:****Requirements for storage areas and containers:** Store only in original packaging open.**Information about storage conditions:** Store away from foodstuffs.**Additional information about storage conditions:** No.**7.3 Specific end use** No further relevant information available.

SECTION 8: Exposure controls / personal protection

No further data; see Chapter 7.

8.1 Control parameters

Components with limit values that require monitoring at the workplace: Additional information: As a basis for the drawing up lists valid.

8.2 Measures to control exposure

Personal protective equipment:

General safety and hygiene measures:

The usual precautionary measures for handling chemicals should be observed.

Keep away from foodstuffs.

Wash hands before breaks and at the end of work.

Respiratory protection: Not necessary. **Hand protection:** Protective gloves. **Glove material:**

butyl rubber

Naturalrubber (latex)

eye protection:

During refilling recommended the use of goggles.

Body protection: protective workwear

SECTION 9: Physical and chemical properties

9.1 Information on basic physical and chemical properties

General data

Appearance:

Form: Liquid

Color: According to product specification **Odour:** Not characteristic

Odour threshold: Not determined.

PH value: Does not apply

Change

Melting point / range: Not quite

Boiling point / range: Not quite

Flashpoint: Does not apply

Ignition temperature:

Decomposition temperature: Not quite.

Self-igniting: The product is not explosive.

fires: The product is not explosive.

Explosion limits:

Lower: Not quite. **Upper:** Not determined.

Oxidizing properties: Not determined.

Vapour pressure: Not quite.

Density: Not quite

Bulk density: Does not apply
evaporation rate: Not quite.

Trade name: Weber klin Hamoline**Solubility in / miscibility with:****Water:** slightly soluble**viscosity:****Dynamic:** Not quite.**Kinematic:** Not quite.**Solvent separation.:** Not determined.**Solvent content:****EU VOC** 65.61%**9.2 Other information No.**

SECTION 10: Stability and reactivity

10.1 Reactivity**10.2 Chemical stability****Thermal decomposition / conditions to be avoided:**

No decomposition if used according to specifications.

10.3 Possibility of hazardous reactions No dangerous reactions known.**10.4 Conditions to avoid** No further relevant information available.**10.5 Incompatible materials:**

No further relevant information available.

10.6 Hazardous decomposition products: No dangerous decomposition products known.

SECTION 11: Toxicological information

11.1 Information on toxicological effects**Acute toxicity:****Primary irritant effect:****On the skin:** No irritant effect.**On the eye:** No irritant effect.**Sensitization (causing hypersensitivity)** No sensitizing effect known.**Additional toxicological information:**

The product shows the following dangers according to the calculation method of the "General Classification guideline for preparations of the EU" in the latest edition:

SECTION 12: Ecological information

12.1 Toxicity**Aquatic toxicity:** No further relevant information available.**12.2 Persistence and degradability** No further relevant information available.**12.3 Bioaccumulation** No further relevant information available.**Behaviour in environmental systems:****12.4 Mobility in soil** No further relevant information available.**Additional ecological information:****General data:**

Water hazard class (NL) 10: May cause long-term in the aquatic environment adverse effects.

Do not allow to reach ground water, water course or sewage system.

12.5 Results of PBT and vPvB assessment**PBT:** Not applicable.**vPvB:** Not applicable.

12.6 Other adverse effects No further relevant information available.

SECTION 13: Disposal

13.1 Waste treatment methods
European Waste Catalogue

Possible waste code: The actual waste code depends on the source of the waste.

08 02 99	wastes not otherwise specified
----------	--------------------------------

Uncleaned packaging:
Recommendation:

Contaminated packaging should be emptied optimally; she can then be recycled after appropriate cleaning.

SECTION 14: Information concerning transport

14.1 UN number

ADR, ADN, IMDG, IATA Void

14.2 Proper Shipping Name Model UN ADR, ADN, IMDG, IATA

Void

14.3 Transport hazard class (es)

ADR, ADN, IMDG, IATA

class Void

14.4 Packing group:

ADR, IMDG, IATA Void

14.5 Environmental hazards: Not applicable.

14.6 Special precautions for

User Not applicable.

14.7 Transport in bulk according to Annex II

MARPOL 73/78 and the IBC Code Not applicable.

Transport / Additional information: No danger as per the above- mentioned regulations.

UN "Model Regulation":

-

SECTION 15: Regulatory

15.1 Safety, health and environmental regulations specific for the substance or mixture
SZW list of carcinogens

64742-48-9	Naphtha (petroleum), hydrotreated heavy, contains less than 0.1% Benzene according to note P 67/548 / EEC Appendix 1
------------	--

SZW list of mutagens

64742-48-9	Naphtha (petroleum), hydrotreated heavy, contains less than 0.1% Benzene according to note P 67/548 / EEC Appendix 1
------------	--
